

4U Medical Software Documentation

This documentation is provided as is. All title rights, title and interest in this Documentation and material are owned by 4U Medical Designs LLC or its respective partners and subject to certain restrictions of use. You may not copy, reproduce or utilize this Documentation or its materials without the explicit written permission by 4U Medical Designs LLC.

This documentation serves as a general feature guide. All warranties and terms of use are subject to its respective license granted between 4U Medical Designs LLC and licensee.

Branded Patient Resource Hub: The Resource Hub created and curated for Licensee will provide white labeling of brand logo and brand colors.

4U Survey Tool: Survey sharing with fine control over who can view and edit. Let people on your team view, edit, or comment on your surveys. Let team members analyze, filter, and export results. Notify others when you get new responses. Unlimited responses per annual year upon product launch. Patient surveys are stored by the 4U Medical Dashboard.

Medication Directory: Links or PDF provided by Licensee or other third-party to provide medical information and drug use disclosures to the medications specified by Licensee. Example can be found: [here](#).

TV + Movie Library: 60 full length motion pictures refreshed 25% quarterly, 5 TV Series refreshed every 6 months 25%. All content available in English and Spanish and other language tracks (edited and closed captioned automatically included when available) Licensees patients can access streaming service if connected to Licensees provided WiFi.

4U Forms Tool: E-signature capabilities. Patient Forms are stored by the 4U Medical Dashboard.

Patient Scheduling Preferences: Patients can select preferences about their Scheduling of appointments (Days that work well & AM/PM Selection). These Preferences are stored in the 4U Medical Dashboard and utilized by appropriate team members in terms of scheduling.

Patient Games: Games provided as is.

Patient Order Tool: Licensee has the ability to upload patient orders and allow patients orders to be displayed in their Resource Hub. Patients and Nurses can view patients' current order and order history.

Additional Resource Links: 4U Medical provides connector links to outside materials that are provided by the Licensee. 4U Medical Designs LLC is not responsible for the content of these materials. Some examples but are not limited to include: Reviews, Copayments, Educational Materials, etc.

Licensee's Resource Hubs may not include all solutions listed, and may have a mixture of these solutions in their Licensed Package. All Resources are for sole use to be found within Licensees Resource Hub.
